

Donations Needed

Many families of fallen heroes are faced with the financial hardships of funeral costs on top of the loss of their loved ones in the Iraq and Afghanistan wars. Many of them can't even afford the basic services. With this in mind a friend of mine that owns a Private security Co. has purchased and donated the cost of rubber memorial bracelets in red (veterans) and blue (active) for wear in support of our troops. His company provides the motorcycle escorts for funerals and he's already donating the vehicles and cost of fuel to the cause. He would like to offer these bracelets up for donations to all that are interested for the cost of paying the officers that ride these patrols. I know of the great number of veterans that come from our Native American community and many that are serving as we speak. 100% of all donations go to the funeral escort services for these fallen heroes...no admin fees nothing....100%. The suggested donation for each bracelet is \$5.00 but we hope that you'll be as generous as possible. You may want to just donate without a bracelet if you wish. All donations are welcome. These families have fallen heroes to lay to rest after having made the ultimate sacrifice.....let's reach and help as best we can.
